

## **Green Conference begins in Dubai**

THE American University in Dubai and Sesam Business Consultants are organising a two-day conference on the major sectors of the Leadership in Energy and Environmental Design (LEED) requirements, solutions and rating system, along with an in-depth analysis of the latest "Green Buildings" trends. The conference kicked off on Wednesday and was officially opened by Johann-Adolf Cohausz, German Consul General in Dubai and the Northern Emirates. The conference is a sequel to the "Dubai Green" seminar of February 2008 that was held following the directives of His Highness Sheikh Mohammed bin Rashid Al Maktoum, UAE Prime Minister and Vice-President, and Ruler of Dubai, to adopt the 'Green Building' model in Dubai.
